PROFILE SUMMARY

I'm a WordPress and Elementor specialist with 1+ year of hands-on experience. I enjoy building clean and simple websites that actually work well.

I mostly work with small businesses, coaches, and service providers who have slow or confusing websites. I help make their websites faster, clearer, and easier for visitors to understand.

I focus on making everything easy to use so people can quickly understand what the business offers. I make sure the website looks good and works properly on mobile and desktop.

I like keeping things simple, fixing problems, and creating websites that help businesses grow.

EXPERIENCE

- I have 1+ year of hands-on experience in WordPress and Elementor, working on 15+ practice and real projects.
- I also have 2+ years of teaching experience in Computer Science, where I developed strong communication and problem-solving skills.
- In addition, I have 1+ year of experience in video editing, mainly working with Instagram influencers.
